

Smoke Detector Guard

FEATURES

- Heavy gauge welded steel wire
- Durable finished
- Installation hardware included

OPTIONS

- Tamper resistant hardware
- Custom Finish

Our Device Guards are designed to protect audio/visuals, heat detectors, smoke detectors and a variety of other devices. Manufactured of welded steel wire construction, these durable designs are engineered to protect the vital components of building systems without interfering with the device's operation.

The SDG's universal design provides maximum strength, airflow and visibility. Select from our variety of device guards. Add a custom finish to complement interiors, and to avoid vandalism, add optional custom tamper resistant hardware. Custom hardware and finishes sold separately.

Rectangular Signal Guard

Welded Steel Wire

SPECIFICATIONS

The **SDG**, SAE Device Guards, are constructed of heavy gauge welded steel wire and come standard in a white, red or chrome finish. Optional custom finishes and tamper resistant hardware are available upon request. Mounting hardware included.
